HEALTH AND SAFETY

Health and safety regulations at the park must be respected and followed at all times. Included in each school visit will be a health and safety briefing.

Hand washing is vital to minimise the spread of any infections, and there are hand washing stations situated around the farm and park.

Prior to your visit, we provide an information pack, containing health and safety documents and details about the park.

Education at Aldenham Country Park

160 acres of lakeside trails, farm land, and woodland areas, the perfect setting for outdoor learning!

ALDENHAM COUNTRY PARK
A Free Range Experience

Outdoor Learning at Aldenham Country Park

SELF-LED VISITS

Aldenham Country Park offers an ideal location for a range of self-led educational sessions. These are a fantastic way to learn in an exciting environment while giving you the freedom to enjoy Aldenham at your leisure.

The Farm

A Farm Pass allows you to use the resources around the site to learn about the animals, where they come from, and the running of a farm.

Tour the farm and get a chance to feed and pet the animals! (additional fee)

The Park

Discover the country park, learn about nature, and be creative!

We have plenty of open spaces and a beautiful lake, making us perfect for walks, recreation, and team building activities.

The Woodland

Explore the woods and enjoy the outdoors whilst learning about nature and the animals that live there!

You can follow the nature trail, go searching for minibeasts and other wildlife, and even build your own den.

WORKSHOPS & OUTREACH

We also offer interactive workshops run by friendly instructors. These are sessions that last 45 minutes and cater to up to 30 children.

Workshops are divided into 3 main areas, on the Farm, around the Park and in the Woodland, with a number of options to choose from.

Additionally, we provide educational outreach sessions, such as our Incubation Project, which are ideal for schools, clubs and other groups as we can visit you.

To find out more about our outreach and workshops provided on site, please have a look at our website, where you can also find our Education brochure.

For more information, pick up our Education brochure and check out our website: aldenhamcountrypark.co.uk, or contact our Education Team on 0208 953 9602/0203 642 4588 or email martine@aldenhamcountrypark.co.uk
